Credits and Licences

Every asset not created in this repository must be listed here before it is committed.

Asset	Path	Author / Source	Licence
Lilita One font	`assets/fonts/lilita-one-latin.woff2`	Juan Montoreano, Google Fonts	SIL OFL 1.1
Fredoka font	`assets/fonts/fredoka-latin.woff2`	Milena Brandão, Google Fonts	SIL OFL 1.1
Godot Engine	n/a	Godot contributors	MIT (credit in About screen)
GodotX Firebase 3.1.0 (Core + Messaging)	`addons/godotx_firebase`, `android/firebase_core`, `android/firebase_messaging`	Paulo Coutinho, github.com/godot-x/firebase	MIT (`addons/godotx_firebase/LICENSE`)
Firebase Android SDK	Gradle dependencies	Google	Apache 2.0

Generated in repo (owned)

- SVG art in `assets/art/svg/` from `tools/gen_art.py`
- Music stems and stingers in `assets/audio/music/` from `tools/gen_music.py`
- Realm ambience in `assets/audio/ambience/` from `tools/gen_ambience.py`
- Sound effects in `assets/audio/sfx/` from `tools/gen_sfx.py` (shared DSP: `tools/audio_dsp.py`)

App icon

Catapult-and-boulder painting supplied by the owner (2026-10-31), original in `art_source/brand/app_icon_source.png`. `tools/make_app_icon.py` builds the adaptive layers, legacy and store icons from it. The monochrome (themed) icon is a castle silhouette drawn in this repo.

AI-generated art

Characters and realm backgrounds generated by the owner (2026-10-29). Originals in `art_source/ai/`, refined versions in `assets/art/ai/cut/`. Tool: *(owner to fill in, with a plan that allows commercial use)*.
